

HOSE END VALVES

Quick-Acting Minimum Loss Hose End Valves for Bobtail Delivery Trucks and Dispensing Stations

Application

Designed to vastly reduce the amount of product vented when disconnecting bobtail delivery trucks, dispensing systems and anhydrous ammonia nurse tanks.

These valves provide instant, full-on flow at the flip of a handle. Shut-off is instant and the handle locks for added protection.

This "top of the line" hose end valve is a fully contained unit that does not require additional filling adapters or connectors.
