

MISCELLANEOUS

Combination Valve for Bulk Storage Containers

Application

Designed for installation on bulk storage containers, this valve combines a pressure gauge mounting and provision for a fixed tube liquid level gauge.

Ordering Information

Item Number	Container Connection	Service Connection	Liquid Level Vent
A2805C	3/4" M. NPT	1/4" F. NPT for Gauge Mounting	Knurled*

* Has 1/8" F. NPT opening for installing separate dip tube.

A2805C

Vent Valves

Application

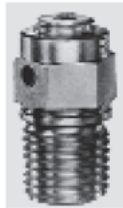

Especially designed to bleed off liquid or vapor pressures trapped in transfer lines.

Ordering Information

Item Number	Service	Connection	Actuation	Accessories
				Warming Plate Kit
3165C	LP-Gas Only	1/4" M. NPT	Knurled	2550-40P
3165S	LP-Gas Only	1/4" M. NPT	Slotted	2550-40P
TSS3169	LP-Gas & NH ₃	1/4" M. NPT	Tee Handle	2550-40P

3165C with 2550-40P

3165S

TSS3169

Fixed Liquid Level Gauges

Application

Designed to provide a visible warning when containers are filled to the maximum permitted filling level.
